

Announcing the birth of **ULTRADRY II**

**Born in the USA
May 1, 2005**

Ultradry II is an economical domestic option for Military and Commercial footwear linings developed by Emtex to provide dry comfort in advanced performance footwear.

Constructed of 100% nylon fiber, Ultradry II is the result of the latest textile technology to provide superior:

- Abrasion Resistance**
- Wet Martindale Abrasion - 179,200 revolutions**
- Dry Martindale Abrasion - 200,000+ revolutions**
- Moisture Movement (Wickzz[®])**
- Antimicrobial Properties (En-Garde[®])**

**Ultradry II is the next generation of high performance linings.
